RESPONSE TO NOTIFICATION OF DEFECTIVE RESPONSE

Sir:

In response to the "Notification of Defective Response" mailed by the United States Patent and Trademark Office on January 25, 2002 postmarked November 22, 2002, Applicants submit the document(s) listed below to complete the filing for the above-identified patent application.

1. Substitute Submission Under 37 CFR 1.821-1.825 Sequence Listing (1 pg.);
2. One (1) Substitute CRF diskette containing the Sequence Listing ; and
3. Paper copy of substitute sequence listing (6 pp.).

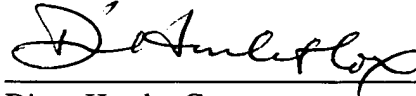

Please note that Applicants are unable to provide a copy of the Notification of Defective Response with this Response thereto; Applicants' offices were moved Thursday and Friday, December 19-20, 2002, and in the confusion of trying to unpack, the box containing the file inexplicably cannot be located in time to file this non-extendible response today. If requested by the USPTO, when this Response is put together with its file upon receipt by the USPTO, Applicants should be able to supply a copy by telefacsimile. However, Applicants assume the USPTO's copy of this paper is still with their file.

The Applicants believe that no fee is due with this communication. However, if the Commissioner determines that additional fees are due or that an excess fee has been paid, the Patent Office is authorized to debit or credit (respectively) Deposit Account No. 09-0108.

Respectfully submitted,

INCYTE GENOMICS, INC.
